Bangla

ABOUT ME

I am an undergraduate student of Computer Science and Engineering (CSE) with a passion for problem-solving and AI development. My interests include artificial intelligence, cybersecurity, and full-stack development. I am always eager to learn, collaborate, and apply my knowledge to real-world challenges.

Academic Projects

Student Management System	2024
Hospital Management System	2025

Technical Skills

Programming Languages

- . C++
- . Java
- . Python
- . PHP

Database Management

MySQL

Web Technologies

- . HTML
- . CSS
- . JavaScript

Others

GitHub
Hadoop Framework

Personal Interests

- Reading
- Teaching
- Travelling

Experiences

Group projects and collaborative tools help in understanding project management and peer communication. Countless hours spent debugging code, searching Stack Overflow, and learning how to fix logical and runtime errors.
